NURIOOTPA HIGH SCHOOL

Penrice Road, Nuriootpa South Australia 5355

Tel: (08) 8562 2022   Fax: (08) 8562 1029

Users must respect and practice the principles of community by:

- Communicating only in ways that are kind and respectful.
- Reporting threatening or discomforting materials to a teacher, leader or administrator.
- Not intentionally accessing, transmitting, copying, or creating material that violates the school's code of conduct (such as messages/content that are pornographic, threatening, rude, discriminatory, or meant to harass).
- Not intentionally accessing, transmitting, copying, or creating material that is illegal (such as obscenity, stolen materials, or illegal copies of copyrighted works).
- Not using the resources to further other acts that are criminal or violate the school's code of conduct.
- Avoiding spam, chain letters, or other mass unsolicited mailings.
- Refraining from buying, selling, advertising, or otherwise conducting business, unless approved as a school project.
- Refraining from the use of social networking sites or applications such as Facebook, Twitter, Snap Chat or any other during school hours and/or when connected to a school network, unless directed by a classroom teacher or approved by an administrator.

Nuriootpa High School believes that 21st Century instruction is necessary for 21st Century learning. Providing students with an environment that fosters and encourages this belief is part of our core values. All members of our learning community hold the r

What if my student

My device is not prompting me to choose a wireless network. Is there another way to connect?
If your device does not auto detect the wireless network then, should you require any help, please Logon to a school computer and click on the "BYOD Information" icon on the Desktop.
If after following these Help Guidelines, and connection issues still remain, then you will need to see IT Support (Room T6) who may be able to adjust the settings of your device to allow network access.

I need to save my work in my network folder. Will I be able to access this resource?
Students will be able to access their Home Drives and other Network Drives at school as they currently do by connecting to the BYOD Portal Page, using the internet on their BYOD device (https://home.nurihs.sa.edu.au). Support will not be given unless students and Caregivers have returned the signed slip as part of the enrolment process (refer Page 7).

I need to print the assignment I just completed. Will there be printer access to do this?
Students will be able to access Printers at school as they currently do by connecting to the BYOD Portal Page on their BYOD device. Support will not be given unless you have returned the signed slip (refer Page 7).

My device was stolen when I brought it to school. Who should I contact about this?
Nuriootpa High School is not responsible for the theft of a device, nor are they responsible for any damage done to the device while at school. Opportunities will exist for use of lockers where possible to support the security of student items. Any time a theft occurs, you should contact the relevant Assistant Principal or Deputy Principal to make him/her aware of the offense. Bringing your own devices to school can be useful; however, some risks are involved as well. It is always a good idea to record the device's serial number to have in case of theft.

Internet filtering is a requirement of all public schools. The Children's Internet Protection Act (CIPA) requires all network access to be filtered regardless of the device you use to access it while in a public school. You own your device, but the network you're using belongs to the school and Internet access will be filtered.

Many students' lives today are filled with media that gives them mobile access to information and resources 24/7. Outside school, students are free to pursue their interest in their own way and at their own pace. The opportunities are limitless, borderless, and instantaneous.

In an effort to put students at the centre and empower them to take control of their own learning, Nuriootpa High School will allow students to use personal technology devices that meet certain criteria (*please refer to the table on Page 3*). Students wishing to participate must follow the responsibilities stated in the "BYOD/VDI Acceptable Use Policy" as well as the "Bring Your Own Device User Agreement" guidelines on Page 7 of this document.

We encourage all students to develop their digital learning capabilities positively and we look forward to supporting students in their digital learning as a school community where together we can learn and build upon developing the skills needed to become positive digital citizens.

Should you have any queries please contact Mr. John Barkley (ICT Coordinator) either by phone – 85622 022 (ext 153) or via email – john.barkley601@schools.sa.edu.au

Yours sincerely,

Mr. J. BARKLEY   Mrs G. WALKER
ICT Coordinator   Principal
